Access Buddy Assist Travellers Trophy

2006

In this class the boat will be an Access 303W and must have two sailors, one must have special needs/disability and the other may be a sailor without special needs/disability. The boat may be helmed partially or fully by either sailor.

This "Buddy Assist" class is designed to make Access Racing accessible to people with special needs/disabilities that prevent them from helping the boat throughout the race without assistance.

Access Travellers Trophy 2006

Ben Ainsley Team Trophy

Results below

For results to qualify for inclusion towards the team trophy the Helm must have sailed at least five events in the series.

The formula for calculating points for the team trophy award

This year there is a change in the method of calculating the points in the Team Trophy. In order to make the team's contribution more representative of their overall ability and effort we will be taking into account their average performance by totaling each sailors total points in their best 5 races in the series and dividing this by the total number of boats in their class. we will use this figure to calculate the team event results. The team with the lowest total points for their three qualifying sailors (i.e. those who have completed at least 5 races in the series) will win. The formular will be:

The total points for the sailor in their five qualifying races. **divided by** the total number of boats in their class in the series (up to and including the Notts County event) **multiplied by 10.**

The make up of a Team

The team will be a clubs best three qualifying sailors/boats in the overall series.

Or

if your club does not have three qualifying sailors we are this year

allowing sailors from different clubs to form a team together in order to take part in the Team Trophy until such time as you can gather sufficient numbers in your own club. You can negotiate amongst themselves as to how you combine, providing that

1. the combination lasts the whole year and that
2. you declare the combination before the forth race of this season (this time has been set for this year only because of the late time in announcing it to competitors.) and that
3. there be a maximum of two clubs that could combine.

A team therefore is made up of each Clubs or declared teams best three sailors/boats overall series results, calculated according to the Team method laid out above, across the following classes:

Access 2.3.
Liberty.

Access 303.
Access Buddy Assist.

Access

Tie Break

In the event of two clubs having the same number of points the club with the best fourth members result will win. This will be applied through all the clubs qualifying sailors and results until the tie is broken. If after this a tie still exists the club with the most first places will win. This will be applied through all the clubs qualifying sailors and results until the tie is broken. If after all this has been applied a tie still exists the above tie breaking rules will be applied to the results of the Clubs non-qualifying sailors until the tie is broken.
